

SEVEN WARRANTS

Issued for the Arrest of a Stock Dealer.

Special to Cleveland Press.

Alliance, O., Sept. 12.—Fred H. Helsel, the man arrested here a few days ago on the charge of passing bogus checks, was bound over to court. Some other warrants are out for his arrest. The charge, today, was obtaining a buggy from E. C. Bow, under false pretense. Helsel is a prominent stock dealer.

Bought a Stolen Bicycle.

Patrolmen Anderson and Watt arrested James Johnson, aged twenty years, living at No. 22 Fulton street, and a salesman by occupation, last evening on the charge of receiving stolen property. Monday evening a man entered a store at No. 216 Superior street, and wanted to sell a bicycle at a very low figure. The number of the wheel was taken, and it was learned that it had been stolen from Fred Vanderpool, in Detroit, Mich. Later the stranger sold the wheel to Johnson, and he in turn sold it to a man named Sweatman. The police claim that Johnson knew the wheel had been stolen when he bought it from the stranger. The latter has not been apprehended.

AND VAN NORDEN?

...money of equal intrinsic and exchangeable value, such equality to be secured through international agreement or by such safeguards of legislation as will insure the maintenance of the parity of value of the coins of the two metals, and the equal power of every dollar at all times in the markets and in the payment of debts."

With knowledge of these assurances, the people have received these coins and have relied confidently upon the good faith of their government; and the confidence thus inspired has been

A MOST POTENT FACTOR

in the maintenance of the parity. The public has been satisfied that, so long as our present monetary system is preserved, the government will do whatever its moral obligations and express declarations require it to do, and, very largely as a consequence of this
